

Congratulations to the recipients of the 2022 TRAVEL AWARDS. The awards are being generously provided by Dysphonia International and the Laryngology Educational Foundation to the highest rated podium and poster submissions. Podium recipients will receive \$500 and Poster Recipients will receive \$250.

Dysphonia International Travel Grants:

1. **Stacy Cook, MD (Podium)** – Christus Health presenting "*Effect of Electrospun Dexamethasone Loaded Polymer Local Delivery on Tissue Biomechanics and Histology in Laryngotracheal Injury in a Preclinical Model*"
2. **Kaila Harris, MS, CFY (Podium)** - University of Colorado Hospital Dept of Otolaryngology presenting "*Is Thyrohyoid Palpation a Valid Clinical Tool within Diagnostic Protocol for Voice Disorders?*"
3. **Dehra McGuire, MD (Podium)** – Duke University presenting "*Are Social Determinants of Health Associated with Physicians' Treatment Recommendation for Early Glottic Cancer?*"
4. **Julianna Kostas, BA (Podium)** – Weill Cornell Medicine presenting "*An Open-Source, Low-Cost 3D-Printed Simulator for Thyroplasty Training*"
5. **Ronit Malka, MD (Podium)** – Brooke Army Medical Center presenting "*Vocal Fold Biomechanics and Histologic Changes after Augmentation in a Recurrent Laryngeal Nerve Injury Model*"
6. **Eliana DeVore, MD (Podium)** – Massachusetts Eye and Ear presenting "*Silk-Hyaluronic Acid Office-Based Vocal Fold Augmentation: A Single Surgeon's Preliminary Experience*"
7. **Hans Baertsch, BA (Poster)** – Keck School of Medicine presenting "*Quantifying vocal fold atrophy in age-related and Parkinson's Disease-related vocal atrophy and identifying features associated with dysphonia*"
8. **Jake Morgan, MD (Poster)** – University of Alabama, Birmingham presenting "*Crossing the Two-Week Diflucan Benchmark: A Case Series of Fungal Laryngitis*"
9. **Suzanne Coomer, MS (Poster)** – Rush University presenting "*Transmasculine Attitudes Towards Voice*"
10. **Nathaniel Neptune, MD (Poster)** – Emory University presenting "*Evaluating the Safety of High Flow Nasal Oxygenation in Transoral Laser Microsurgery*"

Laryngology Education Foundation Travel Grants:

1. **Joseph Kidane, BA (Podium)** – University of California, SF presenting "*Longitudinal Analysis of Swallowing Displacement Kinematics after Oropharyngeal Cancer Treatment*"
2. **Mac Christensen, MS (Podium)** – Brigham Young University presenting "*Effects of External Laryngeal Vibration on Phonation Threshold Pressure (PTP)*"
3. **Grace Yi, MD (Podium)** – University of Toronto presenting "*Formation and Assessment of a Laryngology Pathology Atlas for Resident Education*"
4. **Hemali Shah, MD (Podium)** – Yale School of Medicine presenting "*Safety of Continued Perioperative Antithrombotic Therapy in Endoscopic Airway Surgery for Laryngotracheal Stenosis*"

5. **Sarah Dermody, MD (Poster)** – University of Michigan presenting *"Respiratory Retraining Therapy for Treatment of Non-ILO Functional Dyspnea"*
6. **Matthew Dumican, PhD, CCC-SLP (Poster)** – Western Michigan University presenting *"Using Voice-Related Quality of Life as a Clinical Marker to Screen for Swallowing and Cough Function in Parkinson's Disease"*
7. **Desi Gutierrez, MA, CCC-SLP (Poster)** – UAB Voice Center presenting *"Does gap matter: The role of glottal insufficiency in treatment decision making in presbyphonia"*
8. **Michael Mullen, MD (Poster)** – University of Kentucky presenting *"Impact of*
